Revision history 2

A. Background

Prior to 1998, lists of bibliographies on specific topics were entered under the heading ***Bibliography--Bibliography***, further subdivided by the appropriate topic, for example, ***Bibliography--Bibliography--Botany***. In 1998, the heading ***Bibliography--Bibliography*** was changed to ***Bibliography of bibliographies*** and the free-floating form subdivision ***--Bibliography of bibliographies*** was established for use under subjects. This instruction sheet provides guidelines for assigning headings to works that are bibliographies of bibliographies.

LC practice: As stated in H 1075, LC catalogers will no longer use form subdivisions. Instead assign an appropriate term or terms from Library of Congress Genre/Form Terms (LCGFT), e.g. ***Bibliographies***.

For guidelines on abstracts, see H 1205. For guidelines on bibliographies of individual people, see H 1322. For guidelines on bio-bibliographies, see H 1328. For catalogs of library materials, see H 1361. For guidelines on digests of legal topics, see H 1550.
